

Biobased and Compostable Plastics

Natur-Tec®

Sustainable Biobased Materials

Why Choose Natur-Tec®

- Our extensive knowledge base of bioplastics allows us to offer cost-effective, sustainable packaging solutions to our customers.
- Products provide eco-friendly solutions to environmental and social problems caused by conventional plastics.
- Renewable resource-based alternatives to traditional plastics.
- Products meet ASTM D6400 standard specifications for compostable plastics and are certified by the Biodegradable Products Institute.
- Products meet California AB1972.
- Accepted by leading compost facilities.
- Natur-Tec® products allow industry and consumers to reduce their carbon footprint and move closer to a zero waste goal.
- Extensive range of potential applications.
