Sustainable Biobased Materials

Natur-Bag® Stock Products

Natur-Bag® is a line of 100% biodegradable and compostable plastic bag products. Natur-Bag® products do not contain any polyethylene or other traditional plastic materials and are designed to offer environmentally-responsible alternatives to conventional plastic bags. Natur-Bag® products meet all industry standards for compostable plastics such as the ASTM D6400. All Natur-Bag® products carry the Biodegradable Products Institute (BPI) logo assuring consumers they are purchasing a truly compostable product.
